What you need to know.....**NOW**
Friends to enjoy.....**FOREVER**

“Learning together is better”

What is fce?

For more than 80 years a network of friends in communities across the state have shared a common goal:

- *to learn through shared experience*
- *to improve home & community life*
- *to strengthen adult education*
- *to promote projects that enhance family and community life*

Through our rich history, we have grown from small community clubs to a worldwide network focused on growth through education. You may recognize some of our earlier names: Extension Homemakers and Home Demonstration Clubs.

Your Invitation to Join Us

To Learn.....

Ever wonder if things you read are true? fce provides research-based information through The University of Tennessee Extension program. Experience learning with friends as you share what you like at hands-on workshops and meetings.

Topics like:

- *Human Development*
- *Nutrition & Food Safety*
- *Family Economics*
- *Health & Safety*

To Lead.....

Leadership development is a focus for fce. Through shared opportunities, you can learn skills helpful in bringing growth to your community, church, local government, and family.

fce offers learning opportunities as officers, program leaders, and service stewards. Together we build better lives for individuals, families, and communities.

To Grow & Share....

Each year fce provides the opportunity to make a difference in the lives of families in your community. With a nationwide network, each club can find a way to serve its community.

To Have Fun.....

Laughter and friendship can be found in every fce Club. fce camp, day trips, regional, state and national conferences provide opportunities to visit new places and enjoy friends.

Teamwork makes it happen.

*Find something you care about,
and then live your life to show it.*
